OUR PRODUCTS AND SERVICES

CONCRETE & BLOCK

An industry leading supplier of ready mixed concrete, concrete block, rebar, and more, Preferred's products and services are the backbone of all types of commercial and residential buildings and structures throughout Florida. You can trust that our expertly trained professionals deliver the highest quality products and are dedicated to safety first at all times. At Preferred Materials, we operate with an intense local focus, doing business how you prefer – with local leadership making local decisions.

Across the industry, no other company creates custom mixes like Preferred Materials. We proudly offer the exclusive "Ready" family of concrete mixes, customized in our own labs to meet the specific needs of your project.

Preferred Materials maintains four CMEC-accredited concrete Quality Control Labs throughout Florida, a distinction unlike other companies in our business. This means we understand the ground you're working on because it's our backyard, too.

Our products include:

- **READY MIXED CONCRETE FEATURING THE "READY" LINE OF CUSTOM MIXES**
 - **PLACERREADY™**
 - **PLACERREADY RESIDENTIAL™**
 - **COLORREADY™**
 - **SLIPREADY™**
 - **FORMREADY™**
 - **DRAINREADY™**
 - **FLATREADY™**

ASPHALT

With award-winning expertise in asphalt paving, highway construction and site development, Preferred Materials' Asphalt Production & Sales Teams help our customers build with confidence. Offering comprehensive paving solutions across the southeastern United States, Preferred is the leader in production of high-quality hot mix and warm mix asphalt with a full range of asphalt paving services.

You can count on us for:

- **HOT AND WARM MIX ASPHALT**
- **MARSHALL AND SUPERPAVE MIXES**
- **POROUS ASPHALT**
- **RECYCLED MIXES**
- **PAVING MATERIALS**

Our projects include:

- **INTERSTATE HIGHWAYS**
- **STATE HIGHWAYS**
- **COUNTY ROADS**
- **CITY STREETS**
- **COMMERCIAL PARKING LOTS**
- **INDUSTRIAL PARKING AND STORAGE**
- **RAILROAD YARDS**
- **AIRPORTS**
- **RESIDENTIAL SUBDIVISIONS**

With 13 CMEC-accredited Asphalt Quality Control labs in Florida and our DOT certified labs in both Georgia and South Carolina, Preferred Materials asphalt labs are only minutes from your job site. These labs are where our Quality Control Managers perform rigorous daily testing of our materials and develop customized solutions to meet specific construction needs.

Whatever you need, we make it happen.
Isn't that what
you prefer?
