OUR PRODUCTS AND SERVICES

CONCRETE & BLOCK

An industry leading supplier of ready mixed concrete, concrete block, rebar, and more, Preferred's products and services are the backbone of all types of commercial and residential buildings and structures throughout Florida. You can trust that our expertly trained professionals deliver the highest quality products and are dedicated to safety first at all times. At Preferred Materials, we operate with an intense local focus, doing business how you prefer - with local leadership making local decisions.

Across the industry, no other company creates custom mixes like Preferred Materials. We proudly offer the exclusive "Ready" family of concrete mixes, customized in our own labs to meet the specific needs of your project.

Preferred Materials maintains four CMEC-accredited concrete Quality Control Labs throughout Florida, a distinction unlike other companies in our business. This means we understand the ground you're working on because it's our backyard, too.

Our products include:

- **READY MIXED CONCRETE FEATURING THE "READY" LINE OF CUSTOM MIXES**
